PROFESSIONAL PROFILE

Motivated Software Engineering undergraduate at SLIIT with hands-on experience in developing full-stack web and mobile applications, embedded systems, and hardware-integrated solutions through academic projects. Interested in exploring modern software technologies, AI-driven applications, and practical problem-solving. Eager to contribute to collaborative development teams while continuously strengthening software engineering skills.

PROJECTS

WayPoint – Intelligent Bus Transportation & Booking Platform

Academic Group Project | Role: Full-Stack Developer – Booking & Ticketing Component
Technologies: ASP.NET Core, C#, React, Flutter, PostgreSQL, Entity Framework Core, Python, FastAPI, LangGraph

- Developed booking and ticketing features for a full-stack bus transportation platform, contributing to frontend, backend, mobile, and database components.
- Implemented seat reservations, payment simulation, QR-based tickets, cancellation workflows, and agentic AI integration using Python, FastAPI, and LangGraph.

Boarding and Accommodation Management System

Individual Project | In Progress | Role: Individual Full-Stack Developer
Technologies: React, Node.js, Express.js, MongoDB, Mongoose, JWT, React Query, Cloudinary

- Independently developing a full-stack accommodation management platform with property listings, search, booking requests, and shared-room availability management.
- Implemented backend features for rent invoicing, payment verification, and maintenance requests, with secure authentication, role-based access control, and image uploads.

Medication and Adherence Tracking System

Academic Group Project | Role: Full-Stack Developer - Assigned Component
Technologies: MongoDB, Express.js, React, Node.js, Tailwind CSS, JavaScript, VS Code

- Developed a healthcare management system with patient, caretaker, and administrator dashboards.
- Implemented medication adherence tracking, automated missed-dose detection, and analytics.
- Designed RESTful APIs and MongoDB data models, integrating authentication, email notifications, and PDF report generation.

Fitness Goal and Workout Tracker

Academic Group Project | Role: Full-Stack Developer - Assigned Component
Technologies: React Native, Expo, Node.js, JavaScript, VS Code

- Developed a cross-platform mobile application for fitness tracking, enabling users to set personal fitness goals and record daily workout activities.
- Built user onboarding and authentication interfaces with a focus on usability and user experience.
- Integrated backend services to support dynamic dashboard updates based on user progress and fitness metrics.

Web Pharmacy Portal

Academic Group Project | Role: Full-Stack Developer - Assigned Component
Technologies: Java, Spring Boot, MySQL, Tailwind CSS, Hibernate, Spring Security, IntelliJ IDEA

- Developed a web-based pharmacy management system with customer and pharmacist interfaces, including medicine catalogue, inventory, and prescription management.
- Implemented shopping cart and order management features using Spring Boot and Hibernate for backend services and relational database operations.

EDUCATION

2024 to Present - **Undergraduate BSc (Hons) in Information Technology – Specializing in Software Engineering In SLIIT**
2020 to 2022 - **G.C.E A/L Kumbukgete Central College**
2018 to 2019 - **G.C.E O/L Kumbukgete Central College**

CERTIFICATIONS

2025 - **Certificate in AI & ML – SkyRek Academy :** Artificial Intelligence & Machine Learning.
2023 - **Certificate in python – University of Moratuwa :** Python for Beginners.
2021 - **Certificate in Cybersecurity – CISCO Networking Academy :** Introduction to Cybersecurity
2023 - **Certificate in Java – Evotec Education :** Java Programming Master.
2021 - **Certificate in Cybersecurity – NextGen Campus :** Advanced CyberSecurity and Ethical Hacking
2023 - **Diploma in Computer Science – ICTA** : Computer Software Technology, Software Operating.
2021 - **Certificate in Arduino – Institute of Inovators :** Arduino Codecamp Workshop.

SKILLS

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, Python, C, C++
- **Frontend Development:** React, React Native,Flutter, HTML, CSS, Tailwind CSS
- **Backend Development:** ASP.NET Core, Spring Boot, Node.js, Express.js
- **Databases & ORM:** PostgreSQL, MySQL, MongoDB, Entity Framework Core, Hibernate/JPA
- **AI & Emerging Technologies:** Agentic AI, LangGraph, FastAPI, AI/ML Fundamentals
- **Embedded Systems:** Arduino, Microcontrollers, Hardware Integration
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, IntelliJ IDEA, Expo
- **Core Concepts:** Object-Oriented Programming (OOP), RESTful APIs

SOFT SKILLS

Problem Solving | Teamwork | Leadership | Analytical Thinking | Communication | Project Management

EXTRACURRICULAR ACTIVITIES

2020 to 2022 - **Senior Prefect – Kumbukgete Central College**
2019 - **ICT Software Competition – Ibbagamuwa Education Zone**
2019 **- Inter House Sport Meet – Kumbukgete Central College** : Under-18 Triple Jump and Volleyball
